LITFA VISION - MISSION

1. Vision

To promote legal framework and advocate fairness in the trade logistic, sustainably serve the national interest of Lao PDR.

Active participation in national Trade Facilitation and regional logistics connectivity

2. Mission

Continuously develop its charter , terms and conditions to timely respond to business imperatives.

Leverage capacity and competitiveness of members

Go digital – go green – go multimodal

Industry Representation

Advocates for the rights and interests of trucking companies and freight forwarders.

Works with the government to ensure favorable policies for the logistics sector.

Trade Facilitation

- ▶ Collaborates with customs and border officials to streamline cross-border transportation.
- ▶ Important for Laos' trade with neighboring countries: China, Thailand, Vietnam, Cambodia.

Standards and Regulations

- ▶ Helps establish and promote industry standards.
- ▶ Ensures compliance with international transportation and logistics regulations.

Training and Capacity Building

Provides training programs and workshops for members.

Focuses on customs regulations, transportation laws, and new technologies in logistics.

Networking and Collaboration

Serves as a platform for networking and collaboration within the industry.

Collaborates with national and regional logistics organizations.

Transport Partnership

- ▶ Strategic Transport Partnership ASEAN Highway R3 from Thailand through Borkeo and Luang Namtha Provinces to China
- ▶ Trailer swapping;
- ▶ Create mutual benefits
- ▶ Facilitating Seamless Logistics & Trade in the region
- ▶ Key Benefits of Transport Partnership
 - ▶ Reduced delays and faster transit times;
 - ▶ reduce congestion at borders, improve trade flow, and create a more efficient logistics network;
 - ▶ Lower transportation and logistics costs;
 - ▶ Enhanced regional trade and economic growth.
 - ▶ real-time tracking, paperless customs, and freight management;
- ▶ Proposed to apply this concept in GMS Framework to enhance transport facilitation among the GMS countries to move CBTA forward and create benefits for all.

Roles of LITFA in the GMS

- ▶ Key player in logistics within Laos and the GMS region (Thailand, Vietnam, Cambodia, Myanmar, China)
- ▶ Collaborates with other GMS countries to facilitate cross-border trade
- ▶ Enhances transport connectivity under the GMS Cross-Border Transport Agreement (CBTA)

Digitalization and Data Sharing

(POSSIBLE COLLABORATION IN GMS)

- ▶ Digital Platforms for Freight Matching:
 - ▶ Develop or promote the use of digital platforms for freight matching, connecting truckers and freight forwarders with shippers efficiently. This is to help reduce empty backhauls and optimize vehicle capacity.
- ▶ Data Integration:
 - ▶ Encourage data sharing on trade flows, logistics performance, and real-time traffic conditions among GMS countries to enhance coordination and decision-making in logistics operations.
