

JICA Projects for improving connectivity of "Southern Economic Corridor" in Cambodia

Kobayashi Kenichi
(On behalf of JICA Cambodia Office)

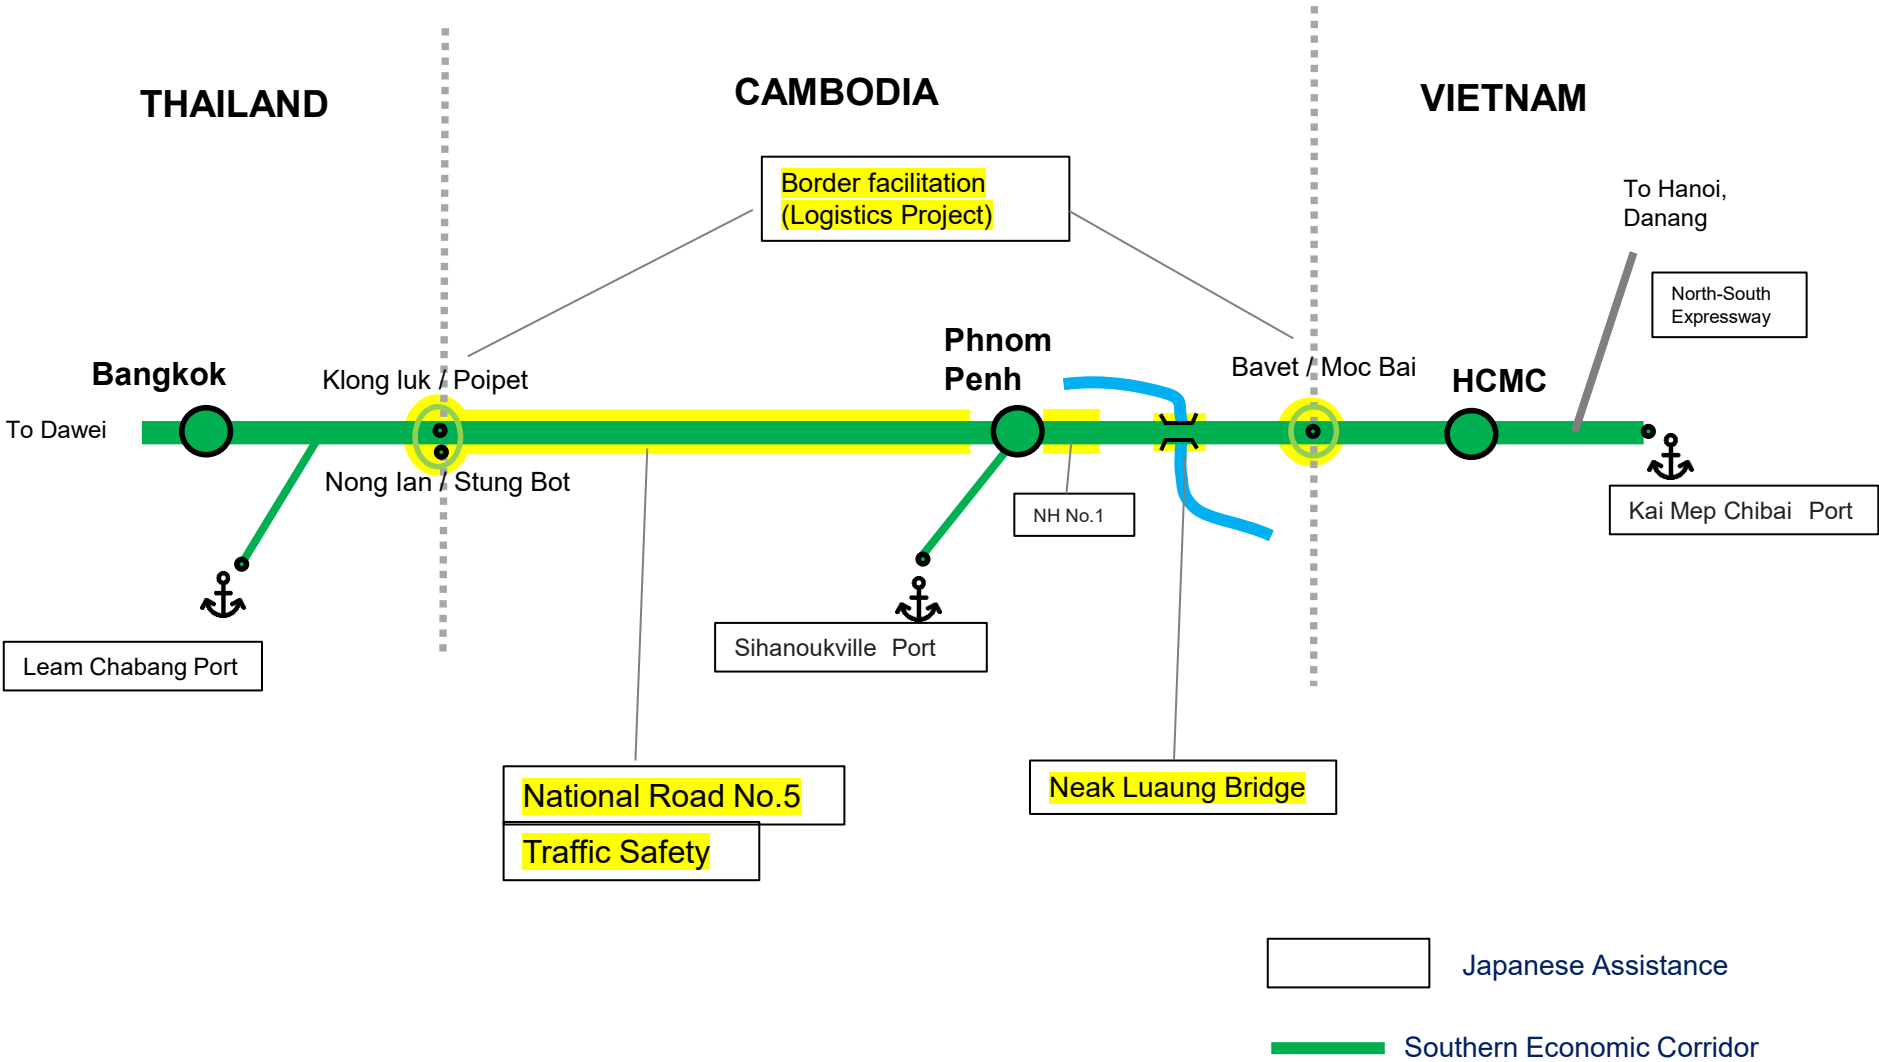

Chief Advisor for "the Project for Improving the Logistics
System of Cambodia" (JICA Expert)

June 2022

JAPAN's contribution to ASEAN connectivity

JAPAN's contribution to Southern Economic Corridor in Cambodia

Neak Loeung Bridge (Tsubasa bridge)

(JICA grant project)

The longest bridge across the Mekong River in Cambodia, completed in 2015.

Total length: 2.2km

Cable-stayed bridge

Length: 640m

Longest span: 320m

This bridge is contributing to smooth traffic of NH1 (Asia Highway No1) connecting Phnom Penh and HCMC in Vietnam.

National Road No.5 (Cambodia)

NATIONAL ROAD NO. 5 IMPROVEMENT PROJECT (JICA loan project)

366km length road into 4-lanes,
with 5 Bypass road construction

Section	Progress
N-extension	0%
North2	100%
North1	100%
Middle3	80%
Middle2	90%
Middle1	40%
South3	60%
South2	80%
South1	80%

North Section
(Battambang – Sri
Sophorn) was completed
in Sep. 2021

**Most sections will be
completed by April 2023**

Progress as of May 2022

Cambodia National Road No.5 Improvement Project implementation sections

Red line: Thlea Ma'am - Battambang and Sri Sophorn - Poipet sections (central section)

Blue line: Battambang - Sri Sophorn section (north section)

Green line: Prek Kdam - Thlea Ma'am section (south section)

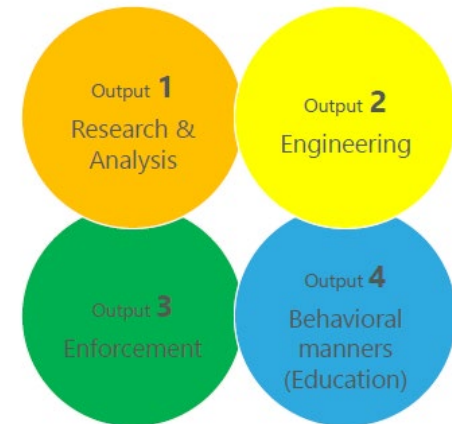

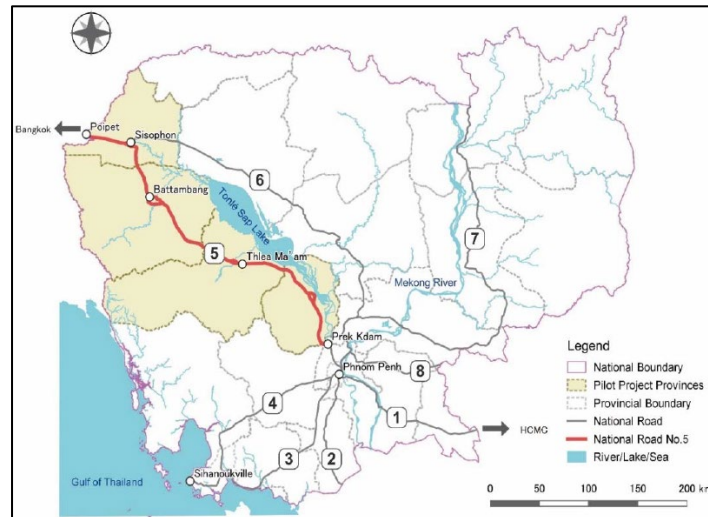

Traffic Safety

Project for Improvement of Road Traffic Safety on Trunk Roads in Cambodia (JICA Technical Cooperation Project) 2021-2025

To reduce the number of fatalities due to traffic accidents on NH5, relevant organizations capacity for "Research & Analysis", "road safety engineering", "traffic enforcement", and "promotion of safe behavior" will be strengthened through pilot activities on NH5.

Cross-border Facilitation (Logistics)

Project for Improving the Logistics System of Cambodia

(JICA Technical Cooperation Project) 2019-2023

<Expected output>

- (1) Logistics MP is formulated
- (2) Priority Action Plans (of Logistics MP) are facilitated/ implemented
- (3) M&E system (of Logistics MP) is established
- (4) Facilitation of improving Cross-border point**

In order to eliminate congestion problems at Thai-Cambodia border, and Vietnam-Cambodia border, JICA are technically supporting Cambodia to take actions for improvement.

Road in Buffer zone of Bavet Border is widened by MPWT, Cambodia (Vietnam Border)

New Border check point will be completed in 2023 at Stung Bot/ Nong Ian. (Thai border)

Thank you.
