# Greater Mekong Subregion Cross Border Transport Facilitation Agreement (CBTA) 'Early Harvest' 2024 RELAUNCH

## Training Module Five – TAD Border Controls

Developed under Project TA 6579-REG: 'Early Harvest' Implementation of the Cross-Border Transport Facilitation Agreement in the Greater Mekong Subregion

Co-financed by the Government of the United Kingdom

- Based on the CBTA 'Early Harvest' MOU, each GMS country can issue up to 500 GMS Motor Vehicle Temporary Admission Documents (TADs) for goods and passenger vehicles owned and operated by licensed transport operators from their country
- The TADs can be thought of as vehicle 'passports', which are controlled by the Customs authorities at the border
- As with the Permits, each TAD has a unique reference number, which corresponds to that of the accompanying GMS Road Transport Permit
- Vehicles must carry the original Permit and TAD with them on all GMS cross-border journeys
- 500 TADs will be printed by ADB on behalf of each Issuing Authority before the CBTA 'Early Harvest' launch

- The national Issuing Authority for Temporary Admission Documents in each country is as follows:

- Kingdom of Cambodia

**National Transit Transport Coordinating Committee**

- People's Republic of China

**China Road Transport Association**

- Lao People's Democratic Republic

**Department of Transport**

- Republic of the Union of Myanmar

**Myanmar Customs Department**

- Kingdom of Thailand

**The Customs Department**

- Socialist Republic of Vietnam

**Ministry of Transport of Viet Nam**

- The TADs are about passport sized and are identical (in English) for all countries, with the exception of the Issuing Authority details
- The same texts are translated in national languages but should **always be completed in English**
- Like the Permits, Each TAD is valid for up to one year and renewable subsequently on request
- TADs will initially be issued with a **validity starting 1 April 2024**, renewable for a further 12 months from the date of issue

- The title page of the TAD shows the details of the Issuing Authority
- The particulars of the TAD holder and designated vehicle are to be completed by the Issuing Authority on the following pages and signed and stamped accordingly (see following slides)

- Page 2 of the TAD must be completed with the TAD number and corresponding GMS Road Transport Permit number
- These follow a common format (see next slide)
- The type of vehicle box must be marked with a cross or 'X'
- The vehicle registration number and year of production must be recorded
- And the registration number(s) of any semi-trailer(s) used with the main vehicle must be shown (and recorded in the Record section of the TAD – see below)

- The TAD number must follow the format agreed between Contracting Parties. Following the words ‘TAD-GMS/’ the country code is that of the distinguishing sign for motor vehicles of that country: Cambodia: KH, People’s Republic of China: CHN, Lao PDR: LAO, Myanmar: MYA, Thailand: T, and Vietnam: VN
- The TADs should be numbered between 0001 and 0500 i.e. TAD-GMS/KH-0001 or TAD-GMS/VN-0500 (as examples of the first TAD for Cambodia and the last TAD for Vietnam)
- For all TADs issued, these and other particulars must also be recorded in a national **Permit and TAD Register** (an Excel Workbook shared by all countries) and the Register updated to reflect any subsequent changes

- The next page (page 3) of the TAD must be completed with the technical data of the vehicle as shown
- Again any boxes must be marked with a cross or 'X'
- The vehicle value should be given as an estimate of its current market value at the time of the TAD issuance, and may be used as a reference price for the payments of Customs duties and taxes by the operator to a GMS Host country if the vehicle fails to return to its own Home country

- The next pages (pages 7-9) provide a brief description of how the TADs and CBTA ‘Early Harvest’ should operate with respect to:
  - a) Permissible routes and border crossings
  - b) Loss of the TAD
  - c) TAD renewal and expiry
  - d) Control and stamping of the TAD (see below) by Host country Customs authorities
  - e) Treatment of irregularities
- Further details are contained in the ‘Early Harvest’ MOU

说明  
Introduction

1. 根据《GMS便利货物及人员跨境运输协定》（简称“《协定》”）第十八条和附件八的规定，本机动车辆暂准入境单证（TAD）允许经过登记的车辆在《协定》议定书一中规定的走廊、路线和出入境点从事跨境运输。

In accordance with Article 18 and Annex 8 of the GMS CBTA (the “Agreement”), this Motor Vehicle Temporary Admission Document (TAD) allows the registered vehicle to operate cross-border transport along the corridors, routes and points of entry and exit designated in Protocol 1 of the GMS CBTA.

2. 禁止删除、增添或伪造暂准入境单证中规定的条款。违者将被依法追究责任。

It is prohibited to erase, add or falsify any terms specified in this TAD. Such offences shall be prosecuted.

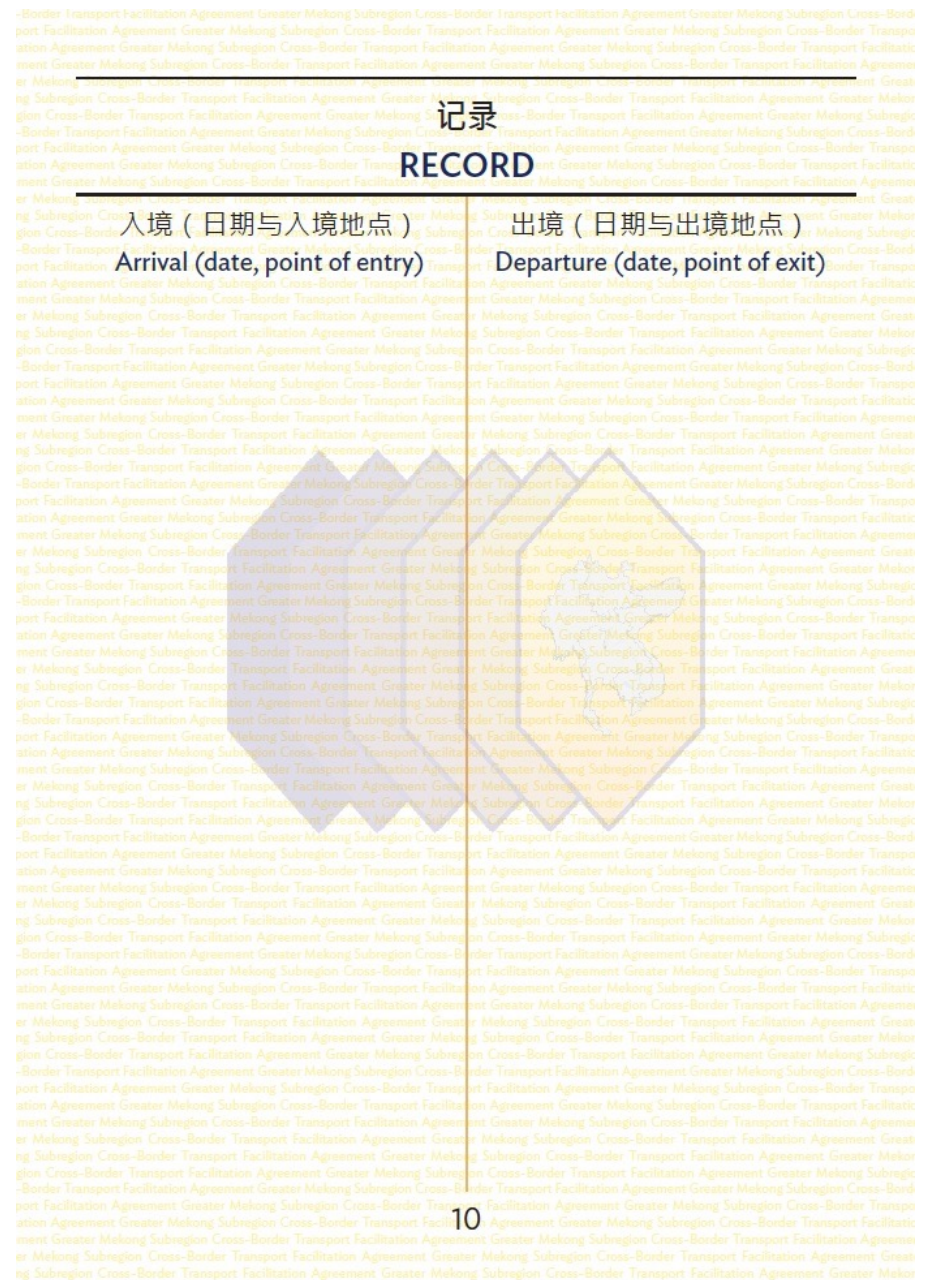

3. 如暂准入境单证遗失，持证方应立刻通知所在国最近的相关管理机构，并及时通知本国的颁证机构。

In case of loss of this TAD, the holder shall immediately inform the nearest competent authorities of the Host country. The issuing authority of the Home country shall be notified in due course.

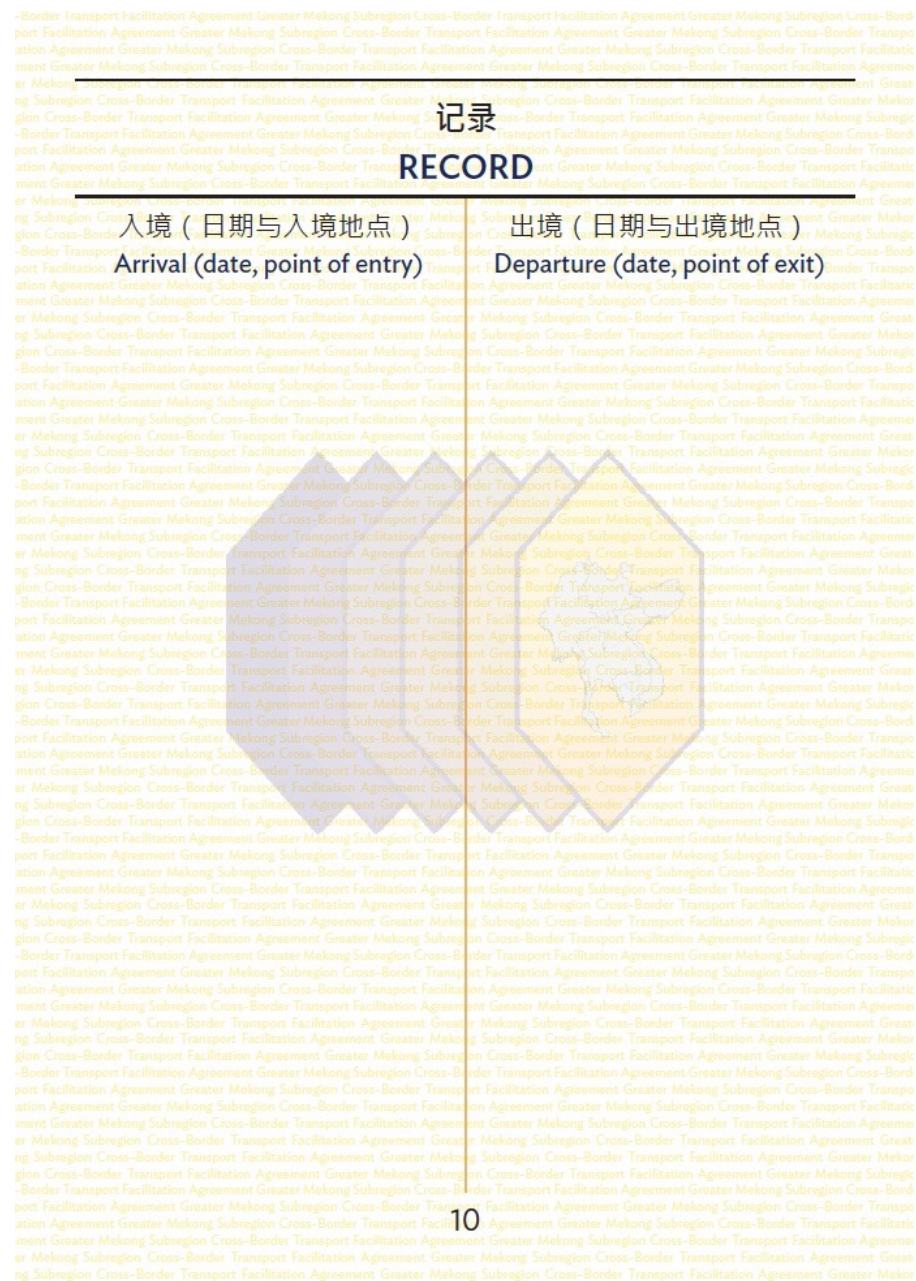

4. 暂准入境单证只可用于证件中指定的车辆，并且应当在有效期截止之前一个月重新续办。

This TAD shall be used for the specified vehicle only and shall be renewed one month before the expiry date.

- The remaining pages of the TAD are for the Record of movements
- Host country Customs (i.e. the Customs authorities of other GMS country visited) should check the Permit and TAD on the vehicle's arrival, record the date and place of entry, and **sign or stamp the TAD**
- Host country Customs should also **record the semi-trailer registration number (if present) given on page 2 of the TAD**
- Host country Customs should similarly check and record the date and place of exit and **check that the total stay does not exceed 30 days**
- Once this is done the TAD should be **signed or stamped for departure**

- There is no need for Home country Customs to date and sign or stamp its own country's vehicles
- The purpose of the TAD is to make sure that: 1) foreign vehicles entering a Host country leave that country; and 2) that this is done within the permitted 30 days
- For this reason it is **important that Customs accurately record the dates and places of entry and exit**
- TADs may be checked periodically by the NTFCs to **monitor the number of journeys undertaken and the average time taken to complete these journeys**

- Further details on the CBTA 'Early Harvest', including the text of the signed 'Early Harvest' MOU, specimen copies of the Permits and TADs and copies of EH brochures, are available at [www.greatermekong.org/ttf](http://www.greatermekong.org/ttf)
