

## Objectives

1. National agriculture sector policy makers to be more aware the unmet COVID-19 response and recovery needs and gaps;
2. Increase Donor Partner awareness of needs for support to Cambodia agriculture sector COVID-19 food security response and recovery;
3. Facilitate dialogue between MAFF officials and Donor Partners to support the COVID 19 food security response and recovery; and
4. Identify the role that TA 9916 and its consultants can play to assist the Cambodian agri-food sector with COVID-19 food security response and recovery actions.

## Target participants

- WGA representatives
- Technical department representatives from MAFF, responsible for COVID-19 policy responses and actions
- Departments from other Ministries involved with COVID-19 policy responses and actions
- Private sector (agribusiness) representatives
- Development partner representatives
- ADB
- TA 9916 consultant team

## Expected outputs

1. The national agriculture sector policy makers are more aware of unmet needs and gaps for COVID-19 response and recovery;
2. Donor Partners increase awareness of the needs for supporting Cambodia agriculture sector COVID-19 response and recovery; and
3. TA 9916 project and consultants proactive engagement to assist the Cambodian agriculture sector with their COVID-19 food security response and actions.
